

Items made here in the UK have a reduced carbon footprint by eliminating CO2 levels caused by shipping from overseas and by reducing transportation times.

The cardboard used for the Mail Safe Blox Box is FSC approved and sustainably sourced

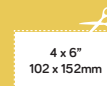

Mail Safe box is made using recycled card that is also recyclable by the end user.

# Mail Safe Box

Smart presentation box for mailing safely

- Straightforward & simple to assemble & dispatch
- Extra strong side supports keeps Blox safe from crumple zones
- Features strong thick sides for extra durability
- Ideal for mass Blox production

## BXBMS46

INSERT SIZE

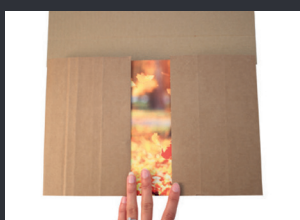

PER BOX

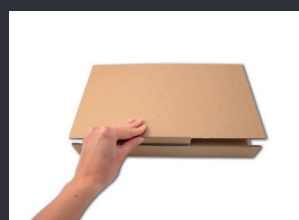

SECS TO MAKE

## How to...

1. Place the blox under the side flaps and wrap the lid around to cover the blox

2. Slot lid into the side to keep blox secure inside

3. Ready for dispatch!
